The Baltimore and Ohio Railroad was repaired last night. The bridge over Pincy Run has been re- mo stored, and the train which left this morning for Frederick and Harper's Ferry has gone through without interruption.

The telegraph was repaired half an hour after the Rebels disappeared, and in a few hours the bridge track was laid and the rails replaced.

E The Rebel cavalry, which yesterdry attacked a company of the 1st Delaware Cavalry, at Westminster, and drove them towards this city, was doubtless the advance guard of Fitzbugh Loc's cavalry leading the way across the country through Baltimore county, to enable them to join the main

Rebel army in the vicinity of York and Gettysburg.

They had found that longer delay on the Baltimore and Frederick turnpike and milroad would not be safe in view of the movement of Gen. Meade, and were making a rapid march across the country.

This was undoubtedly Firzbugh Lee's cavalry, which crossed the Potomac on Sanday morning, and occupied the line of the Baltimore and Ohio Railroad vesterday.

The movement of Gen. Meade's army made a hasty departure necessary; but they were rather getting away from the city than coming toward it. We are still in hopes that they were interrupted

during the night by the position of Gen. Pleasunton's cavalry, sent in pursuit of them.
